# MULTI-ENGINE RATING

## Our World-Class Ratings Training:

### MULTI-ENGINE RATING TRAINING

The training for our helicopter multi-engine rating imparts pilots with the necessary skills to safely operate multi-engine helicopters. The program encompasses instruction on systems, flight planning, and aerodynamics tailored to multi-engine aircraft. This comprehensive training comprises classroom learning, simulator exercises, and practical flight sessions. Once the training is successfully finished, pilots receive a multi-engine rating that authorizes them to proficiently operate such helicopters. This qualification enhances their skills and unlocks novel career prospects within the aviation sector.

#### Pass Requirements for your Multi-Engine Rating:

No examination is required for this type of training. As part of the course, you will need to pass an open-book technical quiz.

#### The South African minimum requirements for your Multi-Engine Rating are:

- 18 Years or older
- CPL(H) OR ATPL (H) and 70 hours as PIC on helicopters
- Type rating on Bell 222 – minimum of 200 hours as PIC
- Fluent in English (Speak, read, write, and understand) and pass the English Proficiency Examination
- A Class I or II Aviation Medical.
  - We will assist you with booking your Aviation Medical appointment.

#### Flight Hours:

approx. 6hours

- 5 hours Bell 222 Simulator or actual Bell 222
- 1 hour skills test actual Bell 222

#### Ground School Subjects:

approx. 8hours

- Aircraft General
- Electrical Systems
- Lighting
- Caution & Warning Systems
- Fuel Systems
- Powerplants
- Air management System
- Fire Protection
- Powertrain
- Main & Tail Rotors
- Hydraulic System
- Avionics and Utility Systems
- Weight & Balance and Performance
