# INSTRUMENT RATING (H)

## Our World-Class Ratings Training:

### INSTRUMENT RATING (HELICOPTER) IR(H)

An Instrument Rating (IR) is a certification that enables PPL(H), CPL(H), or ATPL(H) holders to fly in Instrument Meteorological Conditions (IMC), including cloud-covered areas. The helicopter used must be IFR certified. The IR rating is essential for those pursuing careers in the oil and gas industry or planning to fly internationally. Henley Air Flight School excels in delivering high-quality IR training, with IFR equipped trainers, an in-house simulator, and instructors specializing in the legal and theoretical aspects of Instrument Flight.

#### The South African minimum requirements for an Instrument Rating (H) are:

- 18 Years or older
- PPL(H) or CPL(H)
- Valid Night Rating (H)
- General Radio Licence
- Passed the Instrument Rating theoretical knowledge online exam
- A Class I or II Aviation Medical.
- We will assist you with booking your Aviation Medical appointment.
- Fluent in English (Speak, read, write, and understand) and pass the English Proficiency Examination
- Pass the relevant skill test.

#### Flight Hours:

- 40 hours
- Visit our website for a more comprehensive breakdown of required hours.
